## RELIEF

Broad-spectrum pain relief

## HEAL

Homeopathic preparations that stimulate recovery and regeneration pathways

## IMPROVE

Improve nutrient delivery and blood flow

### What is Chronagesic?

**Chronagesic** is a fast-acting homeopathic combination for the temporary relief of pain and tissue damage associated with chronic inflammation or arthritic conditions. **Chronagesic** combines foundational homeopathic ingredients that have been used effectively for over eighty years by helping to down-regulate inflammation and regenerate tissue without the negative side effects of traditional OTC pain-relievers.<sup>1</sup> **Chronagesic** builds on these time-tested remedies with eight new, scientifically advanced ingredients for modulating underlying inflammatory pathways and promoting the re-growth of healthy tissue and cartilage.

### Chronagesic vs. NSAIDs

According to the CDC nearly one third of American adults over age 65 suffer from osteoarthritis.<sup>2</sup> Arthritic pain occurs as the result of long-term inflammation of the synovial membrane (tissue that lines the joints), tendons, and ligaments and may also be accompanied by strain of the surrounding muscles. Traditionally, this pain is treated with the use of non-steroidal anti-inflammatory medications (NSAIDs) which facilitate the short-term suppression of enzymes in the inflammatory cascade. Although these medications can be effective for reducing pain, they do nothing to promote healing or improvement in joint function over time. Additionally long-term overuse of NSAIDs exposes patients to a multitude of risks, including gastrointestinal bleeding and increased risk of cardiovascular event.<sup>3</sup>

Unlike traditional non-steroidal medications that only treat the pain associated with osteoarthritis, the homeopathic ingredients in **Chronagesic** stimulate tissue re-generation while simultaneously suppressing pain for a more comprehensive approach to restoring joint function. **Chronagesic** contains a foundational homeopathic preparation that is similar to Zeel®, a formulation that has been used around the world for the treatment of arthritic conditions.

**Chronagesic** builds on this paramount formulation by incorporating new homeopathic ingredients that are specifically directed towards supporting re-generation of healthy tissue and supporting the immune response. The result is a superior homeopathic approach which

supports long-term healthy cartilage function while simultaneously modulating inflammatory pathways for pain reduction.

### Supplement Facts

Serving Size: 0.5 ml (approximately 10 drops)  
Servings Per Container: 60

#### Amount per Serving

Silicea .....	6X
Arnica montana .....	1X
Rhus toxicodendron .....	1X
Sulphur .....	6X
Sanguinaria canadensis .....	3X

Placenta suis .....	4X
Dulcamara .....	2X
Symphytum officinale .....	8X
Coenzyme A .....	6X
Alpha lipoic acid .....	6X
Nadidum .....	6X
Natrum ocalacetium .....	6X
Apiol .....	6-12-30-200X, 12-30-60-200C
Cinnamic acid .....	6-12-30-200X, 12-30-60-200C
Menadione .....	6-12-30-200X, 12-30-60-200C
Piperine .....	6-12-30-200X, 12-30-60-200C
Gaertner bach .....	30C
Sycotic co .....	30C
MSM .....	6-12-30-200X
Chondroitin .....	6-12-30-200X

**Suggested Use:** As a dietary supplement, take 10 drops under tongue 1-3 times per day or as directed by a healthcare professional.

Quality Homeopathic Formulated  
Exclusively for Healthcare Professionals

Serving Healthcare Practitioners  
for Over 20 Years

# DES BIO Datasheet | Chronagesic

**Chronagesic** builds on allopathic NSAIDs and traditional homeopathic preparations by providing a diverse array of homeopathic ingredients to control pain, repair joints and ligaments, support circulation, aid in cellular respiration, and control bleeding.

**Support the Immune System and Promote Pain Relief** – Homeopathic ingredients indicated in broad-spectrum pain relief and support for a balanced immune system include Rhus toxicodendron, Apiol and Gaertner bach.

**Promote Healing of Joints and Ligaments** – Homeopathic preparations that support healthy joint structure and stimulation of recovery and regeneration pathways:

- Silica
- Rhus toxicodendron
- Dulcamara
- Natrum oxalacetikum
- Funiculus umbilicus suis
- MSM
- Arnica montana
- Nadinum
- Sycotico co
- Sulphur
- Sanguinaria canadensis
- Symphytum officinale
- Cartilage suis
- Menadione
- Chondroitin
- Lipoicum acidum
- Embryo totalis suis
- Gaertner bach

**Slow Bleeding** – Ingredients that promote wound healing and progression to recovery include Apiol and Menadione.

**Support Circulation and Cellular Respiration** – Improve nutrient delivery and blood flow while simultaneously supporting energy-producing pathways:

- Placenta suis
- Coenzyme A
- Apiol
- Piperine
- Embryo totalis suis
- Nadinum
- Gaertner bach

DesBio's Pain Management Suite offers the most comprehensive approach to acute and chronic pain.

## TriCuramin

**TriCuramin** is the only botanical product that combats pain with a multifaceted approach to addressing the body's inflammatory pathways. Its triple-action botanical formula includes **white willow bark** (salicin), **Meriva**<sup>®</sup> (curcumin-phospholipid), and **Boswellia** (boswellic acid) — each of which has been demonstrated in clinical studies to provide effective anti-inflammatory and pain-relieving properties.

## Celeragesic Drops and Gel

Available in both drops and as a topical gel, **Celeragesic** is formulated for acute pain. It contains 27 established ingredients that provide relief for joint pain, muscle pain, sports injuries, and other injuries. It works with the body's natural pain-relieving functions to help improve mobility and flexibility of the musculo-skeletal system safely and effectively.

## Chronagesic

**Chronagesic** is formulated for chronic pain. It contains a mix of ingredients known to be as effective as COX-2 inhibitors in relieving arthritic pain. Its additional ingredients help improve joint and cartilage performance. This unique formula inhibits elastase, the enzyme which is released during an inflammatory reaction, to provide relief.
