SPEAKER SPOTLIGHT

CHARLYCE WALSH, RN, NP, CNRA

Ms. Walsh runs a successful weight loss and wellness clinic in Michigan. Her practice involves using genetic profiling to help her patients understand how to overcome their individual weight-loss issues. Her goal is to help patients work toward a lifetime plan of health and weight-loss maintenance.

LISA HOLT, DACM, L.Ac.

Dr. Lisa Holt practices out of Chattanooga, TN using her background in Oriental medicine to help her patients achieve their healthcare goals. Dr. Holt travels the country teaching practitioners and patients her innovative strategies to bring patients to optimal health.

JULI JOHNSON, CHHP

Ms. Johnson is a certified holistic health practitioner and nutritional consultant who practices out of South Lyon, MI. Her clinic, Back to Basics, focuses on nutrition, supplementation, detoxification, homeopathy, stress reduction, spirituality and emotional healing.

ABOUT THIS EVENT

Are your patients coming to you with symptoms that seem **unexplainable**? Mysterious, idiopathic illnesses are running rampant, and uncovering the source can feel like a hopeless game of 21 questions. **In this seminar, we will look at some of the sneakiest culprits behind your patients' health issues; including Lyme disease, the relationship between Epstein-Barr Virus (EBV) and chronic fatigue, heavy metals, and how your patient's genetic blueprint can influence their weight-loss success.**

Here is an opportunity to learn from experienced clinicians about some of the more challenging and less-understood health concerns emerging in your clinical practice. **Speakers will discuss diagnostic strategies, clinical pearls, case studies, and break-through support protocols.**

TOPICS INCLUDE

- Series Symptom Relief: Focus on EBV (*Juli Johnson, CHHP*)
- Lyme Disease: Clinical Decision-Making in Complex Cases (*Lisa Holt, DACM, L.Ac.*)
- Clinical Success with Evolution Weight-Management and DNA Genetique (*Charlyce Walsh, RN, NP, CNRA*)
- Metal Toxicity and the Metal and Mineral Balancing Kit (*Juli Johnson, CHHP*)
